THE PALACE TEA

Description of The Palace Tea :

Tea originated in Southwest China during the Shang dynasty, where it was used as a medicinal drink. It was then popularized as a recreational drink during the Chinese Tang dynasty, and tea drinking was later on spread to other East Asian countries. Up until now drinking tea has become a trend.

THE PALACE TEA using low temperature tea extraction method resulting in mellow, smooth taste and releasing the fragrance aroma of The Tea Of The Palace. And the addition of milk into the tea is thought to neutralise remaining tannins and reduce acidity. The beverage so prepared served ice or hot and with flavoured toppings.
